Rationale for the PdO TMDL Methodogy (2).docx

Hi John,

Steve Whitlock just called me and expressed his concerns as well on the rationale paper sent by Dave.  
I'm hoping we could talk for 10 min. since you'll be on vacation next week. Do you have any time today?

Thanks,

Julie

Hi All,

Attached is a new paper that Ben put together for additional background and preparation for our meeting on the 28th. It consolidates some previous information and adds some new information on two aspects of the TMDL under discussion: 1) the use of CFA; and, 2) the consideration of temperature conditions at the border.

Thanks
